

Adopt a Student Scholarship

Catholic schools are second to none in providing a high-quality, values-based education where students learn to respect themselves and others. But many families in our community who want a brighter, faith-filled future for their child can't afford the benefit of a Catholic school education.

Instilling the values of hard work, respect, and reaching their full potential is part of our Catholic mission. Scholarships are awarded not only on financial need but also on academic merit and service involvement. Each recipient must adhere to their school's code of conduct and become involved in an extracurricular activity such as student council, youth group, children's choir or athletics. In addition, each family must volunteer service to the school and pay a portion of the tuition fee — creating a true partnership and investment by all.

Live the Gospel and give a deserving student an opportunity through an education in the tradition and environment of Catholic schools.
