

AdvancEd Accreditation

Archbishop Bergan Catholic School holds the distinction of being AdvancEd Accredited as a K-12 institution. Accreditation is a voluntary method of quality assurance developed more than 100 years ago by American universities and secondary schools, and designed primarily to distinguish schools adhering to a set of educational standards. Today the accreditation process is used at all levels of education, and is recognized for its ability to effectively drive student performance and continuous improvement in education.

Institutions seeking to gain or retain accreditation must meet AdvancED standards specified for their institution, demonstrate high levels of or improvement of student performance if applicable, and provide evidence of stakeholder satisfaction with the operation of the institution. The accreditation standards focus on conditions and processes within a system that impact student performance and organizational effectiveness. The following are the standards used by AdvancEd.

- Standard 1: Purpose and Direction
- Standard 2: Governance and Leadership
- Standard 3: Teaching and Assessing for Learning
- Standard 4: Resources and Support Systems
- Standard 5: Using Results for Continuous Improvement

The power of AdvancED Performance Accreditation lies in the connections and linkages between and among the standards, student performance, and stakeholder feedback.

Institutions participate in an External Review by a team of highly qualified evaluators who examine the institution's adherence and commitment to the accreditation criteria. The External Review is the hallmark of AdvancED Performance Accreditation as it energizes and equips the leadership and stakeholders of an institution to achieve higher levels of performance and address those areas that may be hindering efforts to reach desired performance levels. External Review is a rigorous process that includes examination of evidence and relevant data, interviews with stakeholders, and observations of instruction, learning, and operations. Archbishop Bergan Catholic School hosted an external review team Dec. 10-12, 2012. The AdvancED External Review Team used the AdvancED Accreditation Standards and Indicators and related criteria to guide its evaluation, looking not only for adherence to standards, but also for how the institution functioned as a whole and embodied the practices and characteristics of quality.

Following the External Review, the Team submitted a final report to AdvancED for review and for action by the AdvancED Accreditation Commission, which conferred accreditation and upon the institution. We at Archbishop Bergan Catholic School are proud to announce that our institution is accredited as of June 30, 2013.
