

Buy Your Own Device Program

For the 2018-2019 School Year, Archbishop Bergan Catholic School will be implementing a Buy Your Own Device Program for student Chromebook Computers. This will allow students who will be in grades 3, 4, 5, 6, 7, 8, 9, 10, 11 & 12 for the 2018-2019 school year to order a Chromebook that will be owned by the student and be able to be used at school. The school will be responsible for placing the Google Chrome Management Software on the device and the family will be financially responsible to buy the device, take care of any damage, or lost items. This device will be allowed to be taken home at the end of the day and brought back to school each day. In essence, the student owns the device and can bring it to school and use it whenever the staff designates the student time to do so. This program will allow us to put more electronic devices into students' hands and make learning more interactive. Devices purchased through the school will be the only electronic devices to be allowed to be used during the school day at Archbishop Bergan Catholic School. Please see the device specifications below. Contact Dan Koenig at 402-721-9683 with any questions.
