

Having the following items available to me as a teacher would make an immediate impact on my classroom.	The following items are not a necessity but would be nice to have for my classroom.	If I were to "shoot for the moon" and money was not an issue, I would ask for these items for my classroom.	Username
An Epson Power Lite LCD Projector (S17 SVGA 3LCD) that has wifi and hdmi capabilities for linking my ipad to the smart board. Also is a much clearer and sharper image for the students to see. Cost is \$400	Apple TV -This device allows wifi linking from an iPad or computer to be able to play whatever is on those devices Ipads for Calc, Pre-calc, and Alg 2 students -The graphing capabilities and apps to use for these upper level courses	A new Shootaway "The Gun" basketball equipment -Each player can track his or her progress with a memory card -Cost approx \$4500.	Mr. Chris Paulson

Valentino Deluxe Instrumental Repair Kit Finale Music Software Acoustic Guitar Zoom H1 Handy Recorder	Snark Clip-on Tuners Bass Drum Stands Tenor Drum Stand	Mellophone Quad Tenor Drums New Drumline Harnesses Ride Cymbal Crash Cymbal	Mr. Jeremy Murman
It would be outstanding to have more books to offer as choices for our outside reading/ book reviews for my students in American Government, American History, Senior English,and International Affairs.	My wish here is the same as my wish to make an immediate impact. I could really use more books to read for additional knowledge beyond our textbooks, and to supplement our studies and class discussions.		Mr. Joe Wojtkiewicz
Individual marker boards for students.	New set of metric masses to use during lab experiments. More student molecule sets for Chemistry. New wire gauze for ring stands.	HDMI projector to use with my smartboard allowing use of an Apple TV and direct connection of my Ipad to the smartboard.	Mr. Nate Pribnow

<ul style="list-style-type: none"> • Fund college courses @ Midland University or Metro Community College for high school students who do not have the financial resources. Cost tuition "\$250. + Books \$50-\$175. Eligibility Criteria: A) On Free and Reduced Lunch B) As identified by the Bergan Business Officer who deals with H.S. tuition and financial needs. C) Keep it open ended with tuition reimbursed for receiving an A in the identified course. D) Assist with Book Grant(s) for books for college course(s) with resale of books going into fund to continue the process. This may also include electronic books, rentals, etc. • \$500 toward professional assembly speakers in areas of bullying, anti-drug, etc. • \$500 toward professional development programs for instructional staff, research & course improvements in the summer. 	<ul style="list-style-type: none"> • New desks of a few of the class rooms: one or several. • Refinish many of the wood doors in the M.S./H.S. building. • New sound system for the high school office. • Any contribution to help defray cost of John Baylor Test Prep for ACT improvement. Total Cost is \$2,050. \$1500 comes from 5 ACT Rentals now. • \$ toward attending professional development programs for counselor and teaching staff. 	<ul style="list-style-type: none"> • Ice Cream Machine for the Lunch Room • CLOSE UP is a great five day educational trip to Washington D.C. Cost is \$1,897. including transportation (\$463.) Any contribution will help students who might not be able to attend. • Special Display area for Activity Awards other than Athletic. Fine Arts, Optimist Youth, Boys & Girls State, etc. 	Mr. Neil Feser
Kleenex Pens Marker Board Markers Notecards Paper	Pencils/ Inspirational/ Educational Posters Journals/ Composition notebooks	For the Bergan High Weight Room 2 Glute Hamstring Developers 2 Double sided half Racks 4 new Barbells Additional weight plates Coaching boxes New Dumb bell Set up to 100lbs 4 Adjustable Benches	Mr. Rob Brokaw
New mouse pads for all the computers, something that the students cannot tear apart or write on.	New accounting software for my students to use in class to work on the computers.	I would like the new version of the Adobe Photoshop Suite for the labs.	Mr. Scott Painter
Newer books with updated teaching resource material. A lot of our books are through book loans and they tend to be outdated. I know new books are expensive but, for example, it would be nice in Sociology for our kids to look at examples that are newer than 20 years old.	A better projector and better laptop from the school. Our school laptops that teachers receive or a little dated and they also tend have a lot of issues with running correctly. My computer will randomly shut off or restart and then take forever to complete its operations. Unfortunately, being a private school, we don't have access to a lot of the money to supply these things unless they are privately donated.	iPads or laptops for every kid with a super fast wireless internet network. Our network tends to run pretty slow and it's tough in a 45 minute class period to reserve one of the labs, go log on, and complete a lesson in that time frame. With some of my classes that are 25+ kids, our labs do not have the capacity for me to use them. We could do more research in the classroom and not have to travel to a computer lab. Going paperless with most of the student work would also help the school go green and save a little cash too.	Mr. Seth Mruz
K-12 PE Curriculum	Weightroom items: a good treadmill (industrial strength, not home use), glute/ham machine, back machine, plyo boxes of varying heights, weightroom mirrors fixed, padding on stage fixed	Weightroom: 5 new power racks with platforms and adjustable benches in school colors, new flooring New high school with larger weightroom and track and ball fields right outside	Mr. TJ Folkers
Quality Pedometers Fleece Balls	SPARK Curriculum More Scooters Pull- Up Bar inside	Nintendo Wii- with Wii Fit Heart Rate monitors	Mr. Wyatt Morse
Clipboards for each student to be able to work at a spot beyond their desk.	Any sort of math game or logical thinking type game. And another electrical pencil sharpener.	Being new, I'm not sure I have a "shoot for the moon" issue at this point.	Mrs. Amy Sund
*Working mouse for classroom computer *Cord to attach Ipad to smartboard *Student subscription to non-fiction magazine such as Scholastic News *Additional books for classroom library	*Ipad for each student *Ink for classroom printer *Subscription to a teacher site such as Choice Literacy	*An additional teacher (would love smaller class sizes!)	Mrs. Angie Kempf

Clear tape for our tape dispenser colored and black Sharpie markers	Sand for our sand table	A round classroom carpet	Mrs. Becky Miller
2 or 3 inexpensive microscopes classroom set of calculators	Lego Mindstorms set - I would love to use it to expose students to robotics	a mobile computer lab would really enhance learning opportunities for the entire elementary school the consumable set of science textbooks that Fremont Public School uses	Mrs. Cynthia Nielsen
The option to order more books for my classroom library. Allowance for out of pocket expenses that occur throughout the year to complete classroom projects and odds and ends that come up.	A dvd/ cassette listening center that includes heavy duty head phones and a jack to accomodate multiple listeners.	A classroom set of leveled guided reading books.	Mrs. Jennifer Powers
Latin American countries travel-informational DVD	new desks storage with locks for books etc	A full-service language lab	Mrs. Jill Camargo
• H.S. Library Wish List:New Circulation Computer,New desktop computers for students to do research on, New Non-fiction book collection (hardcover or digital) • Elementary Library: New Circulation Computer used to check books in and out, Part time Para Educartor to help with book processing and book check out • K-6 Computer Class: New Headphones for the desktops in the lab, Microphones so the students can record themselves for projectsm Digital Cameras with memory cards for the students to use for projects (video and still cameras) • Tech Wishes for High School: New Server, New Firewall • Tech Wishes for Elementary: Optic Mice for the classroom desktop computers	• New tables and chairs for the students to use• Non-Fiction Hardcover books (elementary reading level), "The Classic" In Hardcover books (elementary reading level) • Keyboard covers to use during typing class, Card stock paper to use for printing log in cards • High School: Mobile Computer Lab with 20 laptops to roll into a classroom to help students research for projects. • Elementary: New Server, New Firewall, 20 iPads that could be used in the classroom to enhance learning and aid in research	• To turn the H.S. The Advancement office would have many uses for a digital camera. We have photo opportunities with our alumni and friends, but do not have a camera. We feel pictures have a great impact on anyone who is checking out our website.	A paper cutter for our space would be very helpful. A samller sized printer that would handle addresses for envelopes that can be fed more than one at a time.		Mrs. Kathy Kaup
Student White Boards Math games Math Manipulatives	Leveled Readers that follow the Journeys Reading Series	A Laptop or iPad for each student	Mrs. Katie Nielsen
Books! Books! More Books! I teach middle school English and would love to keep my personal library growing with the "newest" books in young adult literature. I also am in desperate need of nonfiction for middle school kids- autobiographies, biographies, memoirs, books about a certain event or time period.	Colorful comfy chairs, bean bags	Ipads for all my kids in the classroom!!	Mrs. Kim Dieckmann
large stapler (able to staple large packets) #1-10 die cuts for the Accu Cut machine games, toys, puzzles, playdough, movies for aftercare	single serve coffee maker	video camera system for school entrances and exits Ipad	Mrs. Kim Peitzmeier

Ink for my classroom printer Classroom Library books for my classroom 2 mouses for my 2 classroom computers	Gift certificate to Teachers Pay Teachers Memberships to online teacher resources	Traveling laptops for the classroom More teachers for the classroom	Mrs. Kris Janke
40 copies of Lord of the Flies by William Golding 40 copies of Never Fall Down by Patricia McCormick An overhead projector for the SmartBoard Flip chart paper	5 copies of One Moment by Kristina McBride 5 copies of Angry Young Men by Chris Lynch 5 copies of Dogs of Winter by Bobbie Pyron 5 copies of Bar Code Prophecy by Suzanne Weyn 5 copies of Miracle by Elizabeth Scott	I would like computers (lap tops) so that students could do individual research and work on assignments in class, rather than going to the lab/library where there isn't enough computers for every students.	Mrs. Kristin Duncan
Expo Markers (thin and regular)- colors-several black plus a few red markers	fine (thin) yellow highlighters blue, green, and/or orange Expo markers		Mrs. Linda Gutchewsky
guided reading leveled materials for my room gift certificates to teacherspayteachers website to purchase lessons and units	a listening center that plays cds and can be used with multiple students at a time	Multiple IPADS in the classroom	Mrs. Lori McIntyre
camera & video camera	paper cutter, large storage cabinet, iPad, space heater	color copier/printer with fax and scan	Mrs. Lyndsay Osborn
Having some kind of music curriculum for the elementary music classroom would be an incredible opportunity for the students in general music at the grade school. Right now we have no textbooks or digital resources for the music classroom.	Having a more varied supply of auxiliary percussion instruments would be nice.	I would love to have a classroom set of iPads for the music room. There are some amazing things being done with iPad apps to aid in music education.	Mrs. Maggie Winterlin
pens, pencils, stapler, markers, caddy to hold supplies	space heater	Ipad to use with K-3	Mrs. Marla Murray
a listening center for the classroom tape/CD player 4 headphones books with CD for the center educational games for learning centers	a cart/storage area for the listening center books for classroom library	more Ipads for the room	Mrs. Patti Bowman
A new computer A small refrigerator to hold medical items/food for those who have diabetes or other medical issues, juices and bottled water	A new computer and possibly a laptop to be able to work from home A small refrigerator to hold medical items/food for those who have diabetes or other medical issues, juices and bottled water	A new computer A small refrigerator to hold medical items/food for those who have diabetes or other medical issues, juices and bottled water	Mrs. Sherry Thompson
4 to 6 ounce washable, reusable cups 4 to 6 ounce washable, reusable bowls sand box for the outdoor classroom child size digging forks, spades, and hoes (about 30 inches long) child size wheel barrows	preschool age riding toys, trikes and vehicles	five to ten latest version Ipads separate area for Kindermusik, larger area for lockers and snack	Mrs. Sue Kassmeier

iPads in the classroom at least 11 so we can pair share	Sink and faucet for labs	Ebooks for all students Computer lab stations outside of each room and rooms arranged iPods, like science wing, math wing, etc As far as teaching, incorporating a hands on class that teaches students real life concepts outside of classroom and guest speakers who come to the classroom. Ex: wealth management/stock market/ cooking on a budget, fitness lifestyles for a healthy life, parenting skills, college bound issues/money management. Etc	Mrs. Sue Wewel
Games, Puzzles, Activities for After School Care	PUR Water filters for Water Pitcher, Better Homes and Gardens scented wax cubes for Candle Warmer	Video Camera System for entrances and exit doors. IPAD	Mrs. Sylvia Weier
Listening center: CD player Head phones- and extra head phones so they can use on the computers Books/CDs	A station or cart to have for my listening center	I Pad	Mrs. Tabitha Sheets
Educational games for kindergarteners to place in my reading and math stations			
More current non fiction books	better internet and student login system that works at all times	brand new computers	Ms. Tiffany Sellentin
